

## Children's Learning Center

**Two locations:**  
Grayslake and Lakeshore (Waukegan) campuses

Accredited by the National Association for the Education of Young Children  
Named a Gold Circle of Quality Program by ExceleRate Illinois  
Licensed by the State of Illinois

## EXPERIENCED, CARING FACULTY

Our Children's Learning Centers are staffed by experienced teachers with degrees in early childhood education, assisted by classroom assistants who have, or are pursuing, education degrees.

Our staff is committed to professional growth. Teachers and assistants regularly attend seminars on early childhood education and development. Children receive one-on-one attention in classrooms where the student-teacher ratio is often as low as one to six.

## A STIMULATING LEARNING ENVIRONMENT

Our program was developed by early childhood educators to address child-development needs while integrating creative play and learning. We emphasize supervised and carefully planned individual and group learning activities. Children have fun while they learn, building self-confidence and social skills. Offering a comprehensive educational program, our staff is totally focused on your child's well-being.

### Our classrooms feature:

- Large and small group play
- Role-playing, music and art
- Circle times to develop listening and social skills
- Activities that develop math, language, science and computer skills

### Your child will enjoy:

- A safe and secure environment with modern, fully equipped, state-of-the-art classrooms
- Nutritious morning and afternoon snacks, with hot lunch served for a nominal fee
- Indoor play equipment and a fenced-in outdoor playground

# QUALITY, CONVENIENCE, AFFORDABILITY

Our two nationally accredited centers let you concentrate on your own academic or professional success, knowing that your child will learn and play in modern, secure surroundings, supervised by early childhood professionals.

Year-round services are available for children ages 2-5 years, 9 a.m. to 3 p.m. Monday through Friday (except for college breaks)

Our high-quality centers at the Grayslake and Lakeshore (Waukegan) campuses feature competitive rates. Funding assistance is available for qualifying students.

## Parent recommendations

"CLC's Children's Learning Center has been a great place for my daughter to learn and grow ever since she was two years old, when she did not speak English at all. By the time she graduated from kindergarten six years ago, she was well prepared for elementary school. Her loving and experienced teachers nurtured her curiosity, kindness and confidence, qualities that continue to benefit her now in middle school. She has come back to the center the past six summers. Their fun and enriching activities enable her to explore her love of art, music and science. She is also proud of being given more responsibilities in mixed-age group activities. We both love CLC's Children's Learning Center!"

—Yang Xiang, CLC instructor of Digital Media and Design

"The Children's Learning Center allows me to pursue my education, while my son receives an unmeasurable amount of learning experiences. I am so thankful for the center. It has given my son so many fun memories each semester, while maintaining a positive and nurturing environment for him to excel in. Each morning I leave my son feeling a sense of security, knowing his safety, education and well-being are in the best of hands."

— Robin Rush, CLC student
