

College of Lake County Transfer Guide for North Park University-School of Professional Studies

Bachelor of Arts in Supply Chain Management

The College of Lake County and North Park University are partnering together to serve students who wish to complete their bachelor’s degree in Supply Chain Management in a seamless pathway. The Supply Chain Management (SCM) major provides students with a foundation in supply chain management theory, logistics, distribution, and theoretical/analytical frameworks to assist in managing and understanding critical supply chain components. It also examines forecasting, demand management, assembly, sourcing, procurement, sales and marketing, operations planning, as well as broad areas such as strategic and production management, e-commerce, digital business systems, digital and business ethics, finance, and international business.

Admissions Advisor:

The following are the North Park University core general education requirements and their College of Lake County equivalents. The IAI Common Core requirements for the Associate in Arts or the Associate in Science from College of Lake County will fulfill many core curriculum requirements for general education at North Park University.

This transfer guide is designed to assist students with their academic planning. Every effort is made to maintain accurate information; however, this information is subject to frequent change. In some cases, a sampling of courses has been included. Courses within each general education category designated “IAI” will transfer to North Park’s School of Professional Studies. Students should contact the admissions advisor above to keep informed of changes, as final responsibility for verifying information rests with the student. A maximum of 20 SH in the major may be replaced by transfer courses. **(At least 50% of the major must be completed at North Park University).**
